Development of the unique Narva-Ivangorod trans-border fortresses ensemble as a single cultural and tourist object. 2nd stage

“Narva-Ivangorod Castles 2” ER 3

SUMMARY OF THE PROJECT

The project is the logical continuation of the project “Development of unique Narva-Ivangorod fortresses ensemble as a single cultural and tourist object”. By restoring historical heritage and making it more accessible for general public project activities will result in more favorable conditions for local and regional SMEs, who will benefit from the increased flow of tourists to the region.

The number of works is planned for the improvement of tourism infrastructure:

On Estonian side:

- Reconstruction works in the Western yard, Kristervall bastion and outer-walls
- Archaeological research and supervision
- Design of the permanent exhibition in Kristervall bastion
- Creating the permanent exhibition
- Cooperation with event management operators

On Russian side:

- Restoration works of the Big Powder Granary
- Design of the permanent exhibition in Big Powder Granary
- Creating the permanent exhibition
- Finding new service operators in Ivangorod museum
