New Technologies and Innovation in Theatre

“NTIT” ER89

SUMMARY OF THE PROJECT

The project focuses on developing cultural tourism and business activity, creating more visibility for cultural heritage in border regions (Eastern Virumaa, Narva and Leningrad oblast) with specific objective to enhance cross-border SMEs competitiveness in creative industries through fostering innovation, research and technological development.

Within the course of 36 months the number of new solutions will be developed jointly by Project beneficiaries, including:

- Creation of a cross-border Centre of Excellence of New Technologies in Performative Arts (CENTPA): a structural unit of Performance Art Centre Vaba Lava in Narva
- Establishment of a cross-cultural biennale of the performative arts “On the Edge” simultaneously taking place both in Narva and Leningrad oblast bringing together artists and spectators from Estonia and Russia
