T05 Support to local and regional good governance

Improved network of formal and informal education institutes to support Cultural and Natural Heritage of the Lake Peipsi/Chudskoe-Pskovskoe region

CuNaHe ER8

SUMMARY OF THE PROJECT

CuNaHe project will contribute to the development of neighbourly relations between border communities, educational and public institutions.

Project will demonstrate the importance of preserving cultural and natural richness of the Peipsi/Chudskoe region to public.

To improve people's attitude to our common territory of Lake Peipsi/Chudskoe region Project will organize awareness raising activities in border region schools, formal and non-formal educational institutions and centers.

Also development of innovative and interactive methodologies in the field of joint natural and cultural heritage is foreseen. Technical possibilities will be improved to implement new study programs; laboratories will be set up for integrated learning in the fields of biology, chemistry, physics, history and geography.
