T05 Support to local and regional good governance

Co-funded by the European Union,
the Republic of Estonia and the Russian Federation

From family to society

FFC ER19

SUMMARY OF THE PROJECT

The aim of the project is to activate, empower and support families at risk at the local level.

The project will contribute to the improvement of social services for families (family protection), rising professional capacities of social workers in sparsely populated territories and areas with population decline, widening people-to-people contacts among population.

Special model of social support and accompaniment of the families at risk will be elaborated to help them to solve existing problems and to find new opportunities. Individual meetings with families, international learning programs will let families find out more about cultures of neighbouring country (Estonia or Russia), learn from each other and develop project ideas of common cross-border initiatives (e.g. public events, clubs of interests, etc).
