Promoting music hobby education and fostering cross border cooperation between the music schools in Pskov and R pina

Connecting Through Music ER96

SUMMARY OF THE PROJECT

“Connecting Through Music” project will contribute to improvement of cooperation between musical educational organizations in Pskov, Russia and R pina, Estonia, to development of skills and promotion of music education as hobby and preparative education for further vocational or higher education.

Study trips and seminars for teachers from Pskov and R pina music schools will be arranged in both countries to enhance cooperation and ensure exchange of knowledge and experience. Both schools will purchase musical percussion and brass instruments to attract more students to enter the music schools.

Music camps for students and joint concerts are planned to introduce different cultures, develop musical education and broaden the horizon of music students.
